

Electrical Solutions for Libraries

Update your library facilities with up-to-the-minute electrical and data accessories from Trader, Australia's fastest growing brand of switches, sockets and wiring accessories.

We are local, Australian owned and represented in every state and territory.

Fast charging

Update study areas with our USB charging solutions, giving students and occupants all the power and USB options they need the ability to fast charge their phones at market-leading 3.4A.

Data from a different angle

We have all the data accessories needed for fast and efficient comms including angled data plates that are designed for tight workspaces and reducing cable damage.

Study pods

Add USB charging to individual study pods with our Type A&C USB chargers, designed to accommodate the very latest phones.

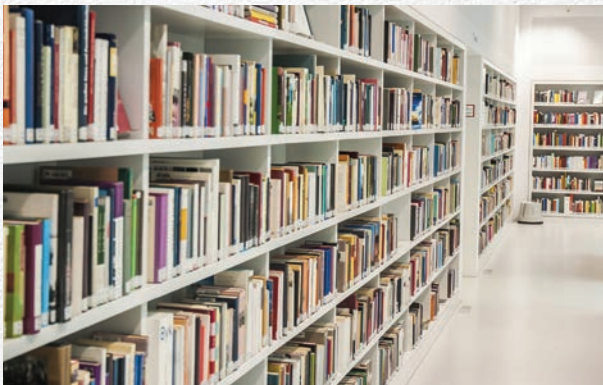

Networking the room

We have a range of TV mounting accessories to ensure a professional installation including, integrated entertainment plates, recessed wall boxes, TV brackets, HDMI leads and adaptors.

Nightlights

Perfect for hallways and utility rooms, the Meerkat Nightlight Mech light offers safe and cost-effective convenience for visitors. Scorpion Nightlight is rechargeable and can be easily moved to where it is most needed.

Energy efficient sensors

Maximise lighting efficiencies with Owl Infrared Sensors. These offer full 360 degree detection with an 8 metre radius.

Energy smart

Powermesh smart switches and power points provide timers and sunset/sunrise schedules for lighting and appliances. Power is never left on indefinitely saving energy and reducing power bills.
