Wolverine MCBs are available in C curve tripping characteristic and ideal for applications for the protection of resistive and inductive loads with low inrush current. Suitable for protecting distribution lines, lighting lines and motor circuits with high connecting currents, equipment in office and residential buildings. **PRODUCT CODES SHOWING "R" (TO INDICATE RED TOGGLE) IN CATALOGUE NUMBER** are configured for MCB/Main Switch applications.

Available in 1 pole and 3 pole. Complies with AS/NZS and IEC 60898-1.

**RESIDUAL CURRENT  
BREAKERS WITH  
OVERCURRENT PROTECTION**

Wolverine DIN Rail mounted RCBOs (WORCBO series) offer personal and equipment protection applications in domestic and small commercial environments as well as circuit protection up to 10kA.

The Compact SLIM module design, allows for more RCDs/MCBs to be installed in the one enclosure. The range enables true Double Pole Disconnection in a Single Module RCBO. Complies with AS/NZS 61009-1 and IEC 61009-1.

Wolverine DIN Rail mounted Main Switch Isolators (WOMSW Series) are suited to board configurations up to 100A. Red switch toggles enable easy identification along with the green/red indication of internal contact positions. Ideal for applications where isolation is required either in the main or in local sub boards. Please note: WOMSW are only switches and do not operate to provide additional circuit protection.

Main Switch Series		Qty Per Box	Trade Ex GST
WOMSW180 ^MOD6MS180	Main Switch 1 Pole 80A 230V 240V ac 1 Module	12	\$17.50

## RESIDUAL CURRENT DEVICES

Wolverine DIN Rail mounted RCDs (WORCD Series) ensures both personal and equipment protection in domestic and small commercial environments. Installation features include easy-to-use terminals, DIN rail assembly and U-style busbar suitability. Type A sensing is ideal for general everyday protection and available in 30mA operating current. Sensitive to both sinusoidal and unidirectional pulsed currents which may be present in modern electrical systems with electronic devices. Complies with AS/NZS and IEC 61008-1.

RCD Series Type A		Qty Per Box	Trade Ex GST
WORCD6220 *MX9RC220 ^MOD6RCCB22030A †CDA220T	RCD Residual Current Device 6kA 2 Pole 20 Amp 230V 240V ac 30mA Type A 2 Module	6	\$76.43

### SURGE PROTECTION DEVICES

Surge Protection Devices		Qty Per Box	Trade Ex GST
WOSPD140	SPD Surge Protection Device 1 Pole 40kA 275V ac	10	\$111.60
WOSPD140C	SPD Surge Protection Device 1 Pole 40kA 275V ac Replacement Cartridge Only	1	\$85.60

### SWITCHBOARDS

Purpose built for our circuit protection range, Wolverine switchboards deliver class leading protection and great features for your next resi install. Designed for indoor use, choose between 12, 18 & 24 module designs that are IK05 impact resistant and IP40 rated (from the front). Each board has a 100A rated assembly, neutral link and parts pack with 80A rated busbar, labels and pole fillers.

Surface Mount <b>INDOOR</b> SWITCHBOARDS		Qty Per Box	Trade Ex GST
WOSB12	Switchboard Surface Mount 12 Way 100A 415V IP40 with White Door for Indoor Use	1	\$65.00
WOSB18	Switchboard Surface Mount 18 Way 100A 415V IP40 with White Door for Indoor Use	1	\$85.00
WOSB24	Switchboard Surface Mount 24 Way 100A 415V IP40 with White Door for Indoor Use	1	\$110.00

Designed to withstand the rigours of the Australian climate, Wolverine outdoor switchboards are rated IP65 to provide years of safe operation.

Options include 12, 18 and 24 module configurations rated to 100A.

Enclosures are made from UV resistant, polycarbonate construction and high quality gaskets to resist impact and prevent water, dust and insect ingress.

**FUTURE RELEASE**  
LAUNCHING IN 2025

### BUSBARS

Cut down your wiring time and eliminate potential loose wire hazards with the Wolverine busbar range.

Available in a choice of 18 module insulated pin and insulated fork designs in 18 module configuration make your next switchboard install faster and more efficient.

One and three pole busbars incorporate a stepped design to suit Wolverine terminals.

Insulated Busbars		Qty Per Box	Trade Ex GST
WOBBP18C	Busbar Insulated Pin 80 Amp 2 Pole 18 Module Combo Active Plus Neutral Purple	15	\$22.00
WOBBF181	Busbar Insulated Fork 80 Amp 1 Pole 18 Module Purple	35	\$32.00
WOBBF183	Busbar Insulated Fork 80 Amp 3 Pole 18 Module Purple	15	\$34.00

### AUTO-SWITCHED SOCKETS

Plug into mains power directly from the switchboard with Wolverine DIN mounted sockets. These shuttered sockets suit 3 pin plugs for either 10A or 15A 250V ac rating providing a reliable and secure connection for your electrical devices.

The DIN Socket Outlets have double pole construction which incorporates auto switching across active and neutral contacts, making them versatile for applications such as worksites in temporary boards and portable generators.

Auto-Switched Sockets		Qty Per Box	Trade Ex GST
WOSOAUDP10	Socket DIN Rail Mounted Auto-Switched Double Pole 10A 250V 3 Flat Pin	5	\$29.60
WOSOAUDP15	Socket DIN Rail Mounted Auto-Switched Double Pole 15A 250V 3 Flat Pin	5	\$37.40
